Introduction Cost: Free [Direct Cost]	Running Cost: Free! [Indirect Cost]	
Drastically reduces cost of tickets	Reduces processing cost	Cost Efficiency Doubles!

<Direct Cost Savings>

Various tickets can be purchased at discounted prices, reducing the upfront costs of a business trip.

These benefits are available by either 1) introduction of AirTrip BTM as above, or 2) introduction of OEM site.

<Indirect Cost Savings>

Further indirect savings involve time-saving in pre-payment and reimbursement of expenses, thus reducing costs, as the invoices will be billed directly by introducing AirTrip BTM and using the client-exclusive Web-based business trip booking system in a cloud environment.

■ Prospects of Market Expansion in Business Travel Management (BTM)

Business Travel Management (BTM) market in Japan is valued at 6.4 trillion JPY, of which domestic transportation and accommodation are said to account for approximately 1.8 trillion JPY.

Although research shows that 10 to 20 % of business trip expenses can be cut by introducing Business Travel Management (BTM), further expansion can be expected in the future since a majority of companies currently do not manage their flight expenses incurred during business travels. \*1

AirTrip mission is to further develop and expand online travel booking business by promoting our Business Travel Management (BTM), as well as striving for excellence in service for our clients.
